Malta - a community inspired by water

Malta is a land of wisdom passed down from generation to generation.

Here you will find centuries-old knowledge, literature, inventions, culture and ideas.

The aim of Lagoons is to transport the inhabitants to an enchanting paradise made up of eight majestic cities inspired by the countries located near the warm waters of the Mediterranean Sea. The Venice and Malta clusters follow the successful launches of Santorini, Costa Brava, Nice and Portofino.

The community's aesthetically designed villas and townhouses will be built around extravagantly large lagoons with pristine waters and white sand beaches. Each city focuses on a unique theme with a variety of amenities for everyone to enjoy.
